

What makes  
**CARDICORE** a  
**"superjuice"**

# This makes **CARDICORE** a "superjuice"

## "ALL INCLUSIVE"

- Arginine
- Citrulline
- Beetroot juice
- Apple juice
- Taurine
- Hawthorne
- Matcha green tea
- Glutamine
- Sunfiber
- Carnitine
- CoQ10 ubiquinol
- Curcumin
- Magnesium
- Moringa
- Lithotamnion  
calcareum

- Lingonberry
- Blueberry
- Crowberry
- Sea Buckthorn
- Rosehip
- Broccoli seed
- Astragalus
- Ginseng
- Malic Acid
- Citric acid
- Vitamin C
- Vitamin K2
- Vitamin D3
- Vitamin B6
- Vitamin B9
- Vitamin B12

**Natural Vitamins, Minerals & Enzymes**

## This is how to use **CARDICORE**

Mix 1 scoop Cardicore-powder into a glass of 6-8 oz of water (or your favorite beverage).  
Stir or shake. Drink a glass both morning & evening.

# **“Imagine a **MOLECULE** so powerful it could dramatically change your health and how you feel?”**

This molecule does exist. It is called **NITRIC OXIDE** and is sometimes referred to as "the miracle molecule" because "it does everything everywhere".

The **DISCOVERY** that it functions as a signaling molecule in the body was awarded the Nobel Prize in 1998.

Nitric oxide is a molecule that the body naturally makes. The problem is that the **PRODUCTION** of nitric oxide decreases with age and lifestyle.

**THE AMAZING FACT** is that by adding certain nutrients, the body can be stimulated to produce sufficient amounts of nitric oxide.

**NITRIC OXIDE** is produced in the blood vessel's cell walls and can help keep the vessels clean and flexible. The nitric oxide molecule signals and communicates with cells throughout the body, and can affect practically all human organs - from brain to heart, lungs and stomach.

Nitric oxide is even produced in **THE BRAIN** to help memory and learning. Researchers believe that nitric oxide may have a variety of protective properties, such as helping performance and endurance

The body is amazing, but sometimes it needs help. With the right approach towards **NUTRITION**, nature can do wonders, both big and small..

## THE SIGNALING MOLECULE WITH EVERYTHING

Our latest innovation is designed to help plan for a well-functioning cardiovascular system. The nutritional complex is the result of our early collaboration with brain researcher Peter Eriksson and the knowledge that nitric oxide is considered a miracle molecule in the cardiovascular system.

## WHAT DOES NITRIC OXIDE DO?

This is how science responds:

- It does everything, everywhere. You cannot name a major cellular response or physiological effect in which nitrogen oxide is not implicated today.

**Dr. Jonathan S. Stamler, Professor, Duke University**

- The molecule of the Millennium. A few grams of prevention is worth a ton of cure.

**Dr. Harry Elwardt, PhD, N.D.**

- The discovery of nitric oxide and its function is one of the most important in the history of cardiovascular medicine.

**Dr. Valentin Fuster, American Heart Association**

## INGREDIENTS:

Complex Cardinine 1758™, [L-Arginine, L-Citrulline, Beetroot Juice Powder, Apple Juice Powder, L-Taurine, Hawthorne Berry, Malic Acid, Guar (Sunfiber® AG), L-Carnitine Tartrate, CoQ10 /Ubiquinol, Curcumin (Cavacurmin®), Sea Minerals (Lithothamnion calcareum/ Aquamin® Mg), Astragalus & Ginseng (Astragalus membranaceus & Panax notoginseng (AstraGin®), Broccoli seed (Glucoraphanine) Powder, Vitamin K2 (Menaquinone/MenaQ7®)], ComplexCo-factors: [Matcha Green tea (Aiya®), L-Glutamine, Lingonberry Powder/ Blueberry Powder, Crowberry Powder, Moringa Oleifera Powder, Rosehip Powder, Seabuckthorn Powder, Vitamin D3 (cholecalciferol)] Complex Flavoring/Flavors: [Malic Acid, Citric Acid, Sweeteners (Erythritol, Steviol glycosides (Real Stevia®)] Anticaking: Tricalcium Phosphate.

Product Nr. **10-051421** 60 servings  
30 days supply • 470 g per can

Product Nr. **10-051422** 60 servings x 3  
90 days supply • 470 g per can
